

	<b>Description of Work Required to be Done</b>	<b>Owner</b>	<b>Material to be purchased</b>
1	Main gate has some touch up spots that need to be painted yellow	Rob Roy	Paint and brushes in seacan
2	Paint the two steel hand thrower tables yellow	Rob Roy	Paint and brushes in seacan
3	The metal shroud around the lock on main seacan needs to be painted black	Rob Roy	Paint and brushes in seacan
4	There is a low spot just inside the main gate on the left that collects water		Loads of fill
5	We need to move the 6 patio blocks from the old seacan to the new one. Put down a bed of 1/4" minus and level.		Material on site
6	Level new seacan at 25/50 yard line		Hydraulic jack and blocking
7	Install new range rules sign on seacan at 25/50	Dave Greene	Sign is made and is in the Blue seacan. Need 4'x8'x3/4" PT plywood to mount.
8	Install new Range Rules sign on seacan in Pistol Bay		Sign is made and is in the Blue seacan
9	Install new Range Rules sign on 25/50 yard line	Dave Greene	Need to purchase aluminum sheet and get Tye at Creative Services to do sign
10	There are 3 completed target frames in the seacan. So how many new ones do we want to make?		24 ea 2" x 4" x 8' (will make 16 frames)
11	Both flags need to be replaced. Flags are in the container, I just need to get new rope.	Dave Greene	All material is in the main seacan 1/4" Braided nylon rope x 100 Ft
12	New flag poles need to be aquied and installed at 25/50 and in the pistol bay. Where and how are we going to install them?	Jody Waring	Need to order pipe for poles
13	Flags need to be installed on new poles	Dave Greene	Order new flags from Estey's
14	Move the entire contents in the main Seacan to the new Seacan at the 25/50 location. Make sure that the cabinet contents are boxed up prior to moving it.		Pick up cardboard boxes to pack contents
15	Move the old Seacan to the Pistol Bay. The roof is leaking and a truss roof should be installed with an overhang on the shooting side.		Engineer roof trusses and order from Shamrock Truss
16	Some black touch up paint needs to be done on the #1 thrower platform.	Dave Greene	Paint and brushes in seacan
17	Some of the angle iron on the 25/50 enclosure needs to be painted black.	Rob Roy	3 Gals of paint in seacan & lots of paint brushes. Need 2 wire brushes

18	We need to follow through on getting the 25/50 firing point paved. The motion was passed two years ago to do it and we need to press Gordon McKenzie or Quentin Papenhausen and nail one of them down to follow through on this. If we have the manpower can this be dug out in preparation to paving?		
19	Pick up garbage behind 25 and 50 yard target holders and replace holders and install lane identification markers.		2 boxes of Garbage bags. New lane markers are in the Seacan
20	All the 2"x4" cross braces need to be replaced and some of the rubbers as well on the 100 yard target line		Require 12 ea 2" x 4" x 12 foot
21	Replace the lane markers on the 100 yard line		New signs are in the Blue seacan
22	The roof in the Pistol Bay container is full of holes and needs to be repaired/replaced. Do we want to put new steel on the roof or a wooden roof or do we do anything as we are replacing it?		
23	A container for misfired rounds in the pistol bay needs to be installed.	Jody Waring	Jody has sign and ammo box
24	We have obtained a roll of ¾" x 6" wide rubber that needs to be cut into pieces to make targets for the pistol bay.	Jody Waring	Delivered to Pistol Bay Apr 16/16
25	Purchase first aid kit for Pistol Bay	Dave Greene	Order from MEC
26	Purchase Quick Clot sponges x4 & 2 CPR masks	Dave Greene	Order from MEC
27	Check and fill sand container if required	Troy Harnish ?	
28	Empty all garbage drums at main trailer, shotgun field, 25/50 and pistol bay and take to dump		
29	Clean the outhouse	Dave Greene	Hot water, Mr. Clean & rags
30	Paint the older shotgun container blue	Dave Greene	We have 2 gals of blue paint, rollers & trays & handles
31	The culvert in front of the 200 yard bench needs to be reset or dug out completely & build a small bridge to get over ditch	Troy Harnish ?	Patio stones, joists and decking
32	Food and drink for the work detail	Bill Nason	
33	Take <b>all</b> the shooting benches and give the feet a good coat of wood preservative		1 Liter of Endcut
34	Install lock enclosure on new blue shotgun trailer and new seacan at 25/50 yard line	Thomas Alchorn	
35	Install new pipe culvert on road between existing and 25/50 firing line?	Troy Harnish ?	There is a 8" dia pipe x 10 foot in front of 200 yard firing point

36	Level ground at 100 yard firing point for benches	Troy Harnish ?	
37	Purchase and install 2 Fire Extinguishers for shotgun seacan and main seacan	Dave Greene	Check Source Atlantic for deal
38	Purchase 360 feet of 06/3 cable and run power to new seacan at the 25/50 yard line		Have pricing from Greybar for cable. This may take a second work detail to complete.
39	Need to mount plywood to inside wall of new seacan on 25/50 yard line to mount electrical panel		Get 3/4"x4'x8' plywood and cut to suit.
40	Cut conveyor belting into 24" x 24" pieces for 25/50 yard target frames		Belting is at Source Atlantic, needs to be picked up
41	All the garbage collected needs to go to the dump. There are 3 bags of garbage beside the main seacan. There are also a dozen or so 24" x 24" used target rubbers there and some other assorted garbage. We should also take to the dump all the containers that are full of spent steel cases as well as any of the steel drums that have seen their day.
